

Screen capture of a web browser showing a live coding session on a platform called "CN Master 31".

The interface is divided into several sections:

- Left Sidebar (Chat/Participants):** Displays a list of participants including Nana Kwabena, AEhiagwina, Johnny\_Lu, and others. It also shows chat channels like "desk-2-chat" and "desk-3". A "Voice connected" status is visible for "desk-3 / CN Master 31".
- Top Bar:** Shows the session title "CN Master 31".
- Code Editor (Main Area):** Displays a JavaScript file named "App.js" with the following code:

```
function App() {  
  const [catData, setCatData] = useState('')  
  const getpic = async () => {  
    const response = await fetch("https://api.thecatapi.com/v1/images/search?limit=10")  
    const data = await response.json()  
    setCatData(data)  
  }  
  
  useEffect(() => {  
    getpic()  
  }, [])  
  
  if (!catData) {  
    return null  
  }  
  
  return (  
    <div id="display">  
      <h1>Cat Shop</h1>  
      <catData.map((cat) => {  
        return(  
          <div className="card">  
            <img src={cat.url} alt="no pic"/>  
            <p>{profile.name}</p>  
            <p>{profile.age}</p>  
            <p>{profile.price}</p>  
            <button></button>  
          </div>  
        )  
      })  
    )  
  )  
}
```
- Bottom Bar:** Shows the current time as 10:42 on 09/12/2021, along with system status icons (temperature, battery, network) and a taskbar with various application icons.
